

# Brookfield Office Properties Disposes Ownership of Non-Managed Assets in U.S. Office Fund Via Partner's Exercise of Call Option

AUG 11, 2011

**NEW YORK, August 11, 2011** – Brookfield Office Properties Inc. (NYSE, TSX: BPO) announced today that its partner in the joint venture that acquired the U.S. office assets of Trizec Properties in 2006 has exercised its call option on 18 of the office assets it manages in the joint venture in exchange for 100% of its interests in the 38-property portfolio of Brookfield-managed assets.

Simultaneous with the exercise of the call option, the partner retired its share of the joint venture debt and assumed the property-specific debt on its managed assets.

As part of the original joint venture agreement, Brookfield granted the put/call option on its non-managed properties, three of which are in New York City and the balance of which are in Southern California.

## Forward-Looking Statements

This press release contains forward-looking statements and information within the meaning of applicable securities legislation. Although Brookfield Office Properties believes that the anticipated future results, performance or achievements expressed or implied by the forward-looking statements and information are based upon reasonable assumptions and expectations, the reader should not place undue reliance on forward-looking statements and information because they involve assumptions, known and unknown risks, uncertainties and other factors which may cause the actual results, performance or achievements of the company to differ materially from anticipated future results, performance or achievement expressed or implied by such forward-looking statements and information. Accordingly, the company cannot give any assurance that its expectations will in fact occur and cautions that actual results may differ materially from those in the forward-looking statements. Factors that could cause actual results to differ materially from those set forth in the forward-looking statements and information include, but are not limited to, general economic conditions; local real estate conditions, including the development of properties in close proximity to the company's properties; timely leasing of newly-developed properties and re-leasing of occupied square footage upon expiration; dependence on tenants' financial condition; the uncertainties of real estate development and acquisition activity; the ability to effectively integrate acquisitions; interest rates; availability of equity and debt financing; the impact of newly-adopted accounting principles on the company's accounting policies and on period-to-period comparisons of financial results; and other risks and factors described from time to time in the documents filed by the company with the securities regulators in Canada and the United States, including in the Annual Information Form under the heading "Business of Brookfield Properties – Company and Real Estate Industry Risks," and in the company's most recent interim report under the heading "Management's Discussion and Analysis." The company undertakes no obligation to publicly update or revise any forward-looking statements or information, whether as a result of new information, future events or otherwise, except as required by law.
